

## Supporting the Little Angels Needy Children & Orphan Project.

**The Little Angel Needy Children & Orphans need your support because there is:**

- A growing number of orphans largely caused by AIDS
- A growing number of street children largely caused by poverty
- Increased levels of immoral and disorderly behaviour largely caused by lack of moral guidance during childhood and associated high mortality rate a high incidence HIV / AIDS
- A reduced attendance in school largely caused by poverty

**There are 3 ways you can help out the Little Angels Needy Children & Orphan Project:**

All donations made to the Little Angels Needy Children & Orphan Project are registered on receipt. Donations made are logged and registered and where practical, provide a description of how the money has been applied.

Some people will prefer to make donations directly to the project because they can be sure that the money goes directly to the project. A large variety of goods are required by the project however financial donation are also used to purchase food items to reduce the incidence of under-nutrition conditions. Costs and units are included to show the cost and requirements of the project for each period. This can be compared to the income of the project to help you understand how badly the project needs your support.

All endeavours will be made to maintain the disclosure log however computer and internet access is very limited in Bufuka and at times when many donations are being made, management of the disclosure log may be beyond the means of the project. Computer and internet access is also relatively expensive and the project director may deem that the money is better spent on the children than on computer and internet access.
